

# Steps to Order MakeItCount™ Rewards Pump Decals

Pump decals should match your pump prompting.  
If your decals do not match, follow the steps below to order new pump decals.

## 1 Confirm which decals are right for your site

- > Pump decals are specific by POS and pump-type to match prompting.  
The following chart helps identify which pump decals to order (A, B or C).

### Note:

All decal versions are now available for participating ARCO stations.

To order, follow the same process and mention you are an ARCO site.
